

INTRODUCTION TO FSCS TABLES

As a supplement to the Comparable Statistics 2003, federally generated tables of Rhode Island statistics have been published online. The link to the tables is available on the Comparable Statistics 2003 web page on LORI. Sixteen library tables and a Rhode Island State Summary Data table were created by using the Federal-State Cooperative System for Public Library Data (FSCS) WinPLUS Version 2.5 Windows Public Library Universe System Software. Several per capita and percentage items were generated that are not reported in the Comparable Statistics 2003. They include Per Capita of Operating Revenue, Total Expenditure per Capita, Total Staff Expenditures per Capita, Capital Expenditure per 1,000 Population, Library Visits per Capita, Reference Transactions per Capita, Percentage of paid FTE Librarians with ALA-MLS, Percentage of Revenue, and Percentage by Category of Expenditures.

Forty-seven Rhode Island public library 2003 Annual Reports are the original source of data in these tables. Data was not imputed. Only reported data from Annual Reports or data that could be confirmed was used in the tables.

Minus one (-1) and -\$1 means the library was asked to supply the data for an item. The data was not provided by the library and could not be confirmed.

New data elements such as Current Electronic Serial Subscriptions, Databases, and Electronic Material Expenditures were not included in the 2003 Annual Report due to timing gaps between federal approval and state distribution of its survey. These data elements are reported as a -1.

Some items in the tables have no data. A line is blank when the data item was not included in the Rhode Island survey that year. In a two-year comparison, if one year's data is missing, the percent change and net change is invalid.

Data for Print Materials Expenditures for FY2002 State total was added to the State Summary table. Rhode Island had collected the data that year even though the federal survey did not add the data element until FY2003.

As much as efforts are made to standardize terminology, there are differences between federal and state survey terms used. "Central library" is the federal term for Main Library. "Outlet" is the federal term for central libraries, branches, and bookmobiles.

The final version of these tables was created after several edit checks of the data were completed.

State Summary: Two-year Percent Change and Net Change

Data Item	FY 2002 State Total	FY 2003 State Total	Percent Change	Net Change
State Characteristics Items:				
Official State Population Estimate	1,048,319	1,048,319	0.0	0
Total Unduplicated Pop of LSA	1,048,319	1,048,319	0.0	0
Administrative Entity Items:				
Population of the Legal Services Area	1,283,193	1,283,193	0.0	
Number of Centrals	48	48	0.0	
Number of Branches	24	24	0.0	
Number of Bookmobiles	2	2	0.0
